

WESTMARK

Inn Skagway

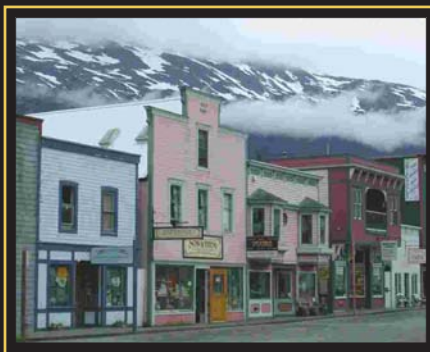

The popular Westmark Inn Skagway captures the spirit of the Klondike Trail with its Victorian decor, rustic setting and warm Alaskan hospitality.

The Inn's 151 guest rooms accommodate travelers in turn-of-the-century style while guests looking for a special dining experience will enjoy the Chilkoot Dining Room where you can find friendly service and fine food for breakfast or dinner.

The mere mention of Skagway brings to mind those rough and ready days of Jack London and miners scrambling over the Chilkoot Trail in search of golden dreams and elusive riches.

Skagway and the Westmark Inn today continue to reflect the charm and personality of those days gone by.
